

I would like to take a moment to thank everyone who helped me in the process of completing my senior project. My mentor, Sr.Naseera, for helping me formulate ideas for my product and help me write an informative paper. Mrs.Se bik for taking the time to proofread every draft and guide me throughout the whole process. Sr.Fayzeh for being available when I had questions regarding a topic and the administration at “Greenhills” for allowing me to present at their school.

My project would not have been successful if it was not for these peoples constant support and guidance and help whenever I had a question or problem.
